1. Two casernes in Domazlice (N50/P70) are being used as billets for military personnel. One, located at the western outskirts of the town, houses members of a unit of an infantry regiment which has the cover number 2113. This unit is composed of 300 men, and is commanded by Col. Jm Kristof.* The second caserne is located in the center of Domazlice and is used by an infantry transportation detachment which has 40 horses.
2. Two ammunition dumps are located at the edge of the forest between the villages Chrastavice (N50/P70) and Milavec (N50/P70), about five kilometers northeast of Domazlice. (See attached sketch). Nine soldiers, commanded by one non-commissioned officer, guard the dump area. This guard is attached to the Domazlice garrison and is changed daily between two and three p.m. Present stocks of ammunition in the dumps amount to about two railroad car loads, and are being increased.
